Copy of Board's Ref.A.2725/48-8 dated 18-4-49.

Read: From the Collector of South Kanara Ref.C.No.B2.4219/48
dated 10-3-49.

The Collector is requested to submit a rough estimate of the recurring and non-recurring expenditure involved in the proposals contained in his letter read above.

True Copy.

Copy of Ref.C.No.B.2./4219/48 dated 31st Aug. 1949 from the
Collector of South Kanara to the Secretary, Board of Revenue.

Read: Board's Ref.No.A.2725-48-8 dated 18-4-49.
Collector's Ref.C.No.B2/4219/48 dated 10-3-49.

The particulars furnished by the Dt. Medical officer, South Kanara, with regard to the non-recurring and recurring expenditure required for the opening of a Hospital at Ameni Island and Dispensaries at Kiltan, Kadmath and Chetlat islands are as detailed below:-

1. Opening of a Hospital of 12 beds at Ameni Island - Non recurring:-

- (a) Construction of a Hospital
- (b) Surgical Equipments.
- (c) Furniture, Linen, etc.
- (d) Drugs.
- (e) Quarters for the staff.

Rs. 12,000/-
5,000/-
4,000/-
4,000/-
25,000/-

Rs. 50,000/-

Recurring:-

Pay of staff.
Allowances.
Medicines.
Diet.
Miscellaneous.

Rs. 3,600/-
2,000/-
3,000/-
4,500/-
1,000/-

Fourteen thousand. Rs. 14,000/-

Expenditure in each of the three Dispensaries-Non-Recurring:-

Construction of the dispensary.
Surgical equipments.
Furniture, Linen, etc.
Drugs.
Quarters for the staff.

Rs. 5,000/-
2,000/-
2,000/-
2,000/-
20,000/-

Rs. 32,000/- $\times 3 = 96,000$

Sir,

- ISLANDS - (South Kanara) Amindivis - Inspection - 1948
Provision of better medical aid in the Islands - Proposal - Further report - submitted.
Ref: G.O. No. 23 Public (Political) Department/5-1-48.
2. Inspection Report dated 19-2-49 of the Inspecting Officer, Amindivis submitted with this office letter Ref.C.No. 4219/48 dated 7-5-48.
3. Board's Ref. A. 2527/48-3 dated 15-10-48.
4. G.O. No. 2602 Public (Refugee) Department dated 25-10-48.
5. This office letter Ref.C.No. 4219/48 dated 9-8-48
6. Government Memorandum No. 1577/48-2 dated 6-1-49.

In connection with the Proposal for provision of better medical aid in the Islands attached to South Kanara District it was suggested in para 3 of this office letter Ref.C.No. 4219-48 dated 9-8-48 that if the Government considered that the Inspecting Officer's proposals in para 61 of his report dated 19-2-48 should be deferred for the present in view of the high cost of building materials, a modification of the scheme might be considered. In this connection it has been suggested to Government that a registered Physician (Vaidya or Hakim) may be appointed to each Island just as the Government intend doing on the mainland. But my enquiry in the matter shows that there are no Vaidyas or Hakims on the mainland who are willing to go and work in the Islands. The Monegar also says that there are no qualified Vaidyas or Hakims in any of the Islands. Hence, the scheme of appointing registered physicians (Vaidyas or Hakims) suggested in para 3 of this office letter dated 9-8-48 cannot be introduced in the Islands for want of qualified persons who are willing to go and work in the Islands.

2. The alternative course is to re-examine the proposals of the Inspecting Officer. His proposals for providing better medical facilities in the Islands attached to South Kanara District are:--

- 1) to form Ameni and Kadamath Islands into one group to be within the jurisdiction of the doctor at Ameni.
- 2) Opening of a new dispensary for Kiltan Island and attach Chetlath Island also to it and
- 3) conversion of the dispensary at Ameni into a Hospital with a patient ward.

The District Medical Officer, South Kanara agrees with the proposals but he doubts whether the Government will take up the

proposals as the population of the different Island is not high and as there is a paucity of doctors in the mainland.

3. No doubt, the population of these Islands is not high, but human suffering is the same irrespective of the number of sufferers. With the existing arrangements it cannot be said that the Islanders are having proper medical aid. The Board of Revenue has also remarked that medical aid seems to have been neglected in these Islands, and that the only remedy is to have a permanent doctor in each large Island. Even the Inspecting Officer's proposals may not facilitate all the Islands to enjoy the amenity of medical aid throughout the year because the doctor stationed at the proposed dispensary at Kiltan cannot visit Chetlath Island which is about 20 miles away from Kiltan during the monsoon months of the year (i.e. June - October). Likewise the doctor stationed at Ameni cannot visit Chetlath Island which has been proposed to be attached to Ameni during the monsoon months. The Islanders of Chetlath and Kadamath will, therefore, be helpless during the monsoon months of the year. The only remedy is, therefore, to have a permanent doctor in each large Island as observed by the Board. There is already a dispensary at Ameni Island. Three more dispensaries one each at the remaining three large Islands, may be opened so that all the Islands may enjoy the amenity of medical aid throughout the year. I therefore, recommend that the Government may be pleased to sanction the opening of three more dispensaries one each at Kiltan, Chetlath and Kadamath Islands attached to South Kanara District. I also recommend that Inspecting Officer's proposal to convert the existing dispensary at Ameni Island into a Hospital with a patient ward attached to it.

4. In the usual course the next inspection of the Islands will take place in January, February, 1950. If the Government approve the above proposals, the next Inspecting Officer may be asked to select suitable sites and submit proposals for the construction of the required buildings with necessary plan and estimates in consultation with the Public Works Department.

Yours faithfully,

Benkan

Sir,

Sub:- Excluded Areas - Arini Devi Islands -
Provision of better medical aid -

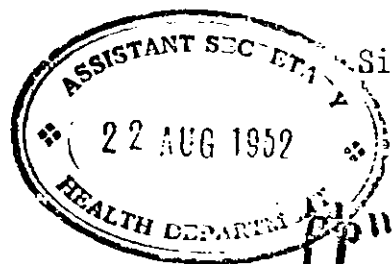

Ref:- Govt. L emp. No. 30374-L-52-3-H., dated 13-8-1952.

The District Medical Officer, South Kanara, ~~XXXX~~ supported the suggestion of the Routine Inspecting Officer for the appointment of a peon for the medical officer, Govt. Dispensary, Arini Devi Island, but in view of the present financial stringency it was suggested to him that the Medical Officer might utilise the services of the Male Nursing Orderly of the Dispensary when he tours the islands and that the work in the dispensary could be managed by the Compounder and Maternity Assistant during their absence. As the District Medical Officer has no objection to the above arrangement there is no need for the employment of a peon for the medical officer at present.

Yours faithfully,

for Director of Medical Services, Madras.

ISLANDS: Amindivis--Monegar's office building and residential quarters--reconstruction and repairs--deputation of an Assistant Engineer to the islands for scrutiny and plans and estimates--reply rt.

Ref: From the Executive Engineer F.W.D. Mangalore No.466 Rev dated 3.5.53

*not found* In G.O.No.4212 dated 15.10.52 the Government sanctioned the post of a special Supervisor for the check measurement work and also for the preparation of plans and estimates of work relating to the reconstruction of Monegar's office buildings and residential quarters in the Amindivi islands, construction of a kitchen for the hospital at Aeni, construction of a hospital at Aeni, a dispensary at Khatat island, a dispensary at Altan island and a dispensary at Chetlat island. The special Supervisor prepared the plans and estimates which have been sent to the Executive Engineer F.W.D. South Kanara for scrutiny. The Executive Engineer in his letter cited above has stated that as the works proposed for execution are all major works the sites will have to be inspected by an officer of the F.W.D. not less than the rank of an Asst. Engineer before according technical approval about conditions of soil for foundations. Further, he adds that as the islands are beyond the territorial limits of his jurisdiction, the approval of the Government has to be obtained for each inspection of sites by an Asst. Engineer. I therefore request the Board of Revenue to move the Government for sanctioning the post of an Assistant Engineer for inspection of the sites in the islands and scrutiny of the plans estimates prepared by the special Supervisor.

Excluded areas - Amindivis - Better Medical aid - Provision.

Ref: From the Board of Revenue, Ref A. 2725/48-87. X. 1949.

1/ The islands forming the South Kanara group are: Amenī, Kadmath, Kiltan, Chetlat, Bitra. There is at present a dispensary at Amenī and it is in charge of a Sub-Asst. Surgeon <sup>He has a compounder</sup> and a midwife. A second midwife is stationed at Kiltan. She spends 3 months of the year at Chetlat and another 3 months at Kadmath. For the rest of the period (i.e.) during the monsoon <sup>months</sup> she stays at Kiltan.

The Sub. Asst. Surgeon stays at Amenī for the most ~~of the~~ <sup>the</sup> period part of year. Normally he visits the other ~~is~~ islands during the fair weather once in a year, spending about a week on each island. But if there is any special epidemic in these islands, and if the time ~~happens to be~~ during the non-monsoon period, he visits them a second time. Such instances are very rare. Once a year, he goes to the mainland and stays there for a month to get his pay and provisions and during his absence only the <sup>Comp</sup> compounder treats some simple cases. It is thus seen that even the head quarters island (Amenī) does not enjoy the advantage of medical aid during the whole year. As the ~~islands~~ islands, they are ~~not~~ <sup>not</sup> ~~enjoying~~ <sup>enjoying</sup> ~~the~~ <sup>the</sup> ~~benefit~~ <sup>benefit</sup> ~~of~~ <sup>of</sup> ~~medical~~ <sup>medical</sup> ~~aid~~ <sup>aid</sup> ~~during~~ <sup>during</sup> ~~the~~ <sup>the</sup> ~~whole~~ <sup>whole</sup> ~~year~~ <sup>year</sup>.

visited by the doctor once in a year. The islands are cut off from all communications with one another during the monsoon months (June - October) and even if a virulent epidemic devastates an island the islanders are helpless. In the fair weather months (Nov - May) if there are any serious cases, patients go to Ameri. But even then, they are not sure of finding the doctor. He may be on his annual round of visits to the other islands, or on his annual trip to the mainland. The result is that the islanders of Ameri have medical aid for about 10 months in the year and the rest for a week in a year and that too during the fair weather season only.

≡ The Inspecting Officer who ~~is~~ <sup>is</sup> visited ~~inspected~~ the islands in 1948 made the following suggestions for ~~better~~ providing better medical facilities in these islands

- (i) to form Ameri and Kadimath Islands into one group to be within the jurisdiction of the doctor at Ameri.
  - (ii) Opening of a new dispensary for Kiltan Island and attaching Chetkath Island also to it and
  - (iii) Conversion of the dispensary at Ameri into a Hospital with a patient ward.
- The Collector of South Kanara while forwarding the Inspecting Officer's inspection report promised a further report after consulting the Dist. Medical Officer, H. Kanara.

pl. no. 250 p 20  
F. r. (B)

X no. 557 F. r.  
(B)

He has now -

X mp 4 c f

3 In his report dated 3-9-1949, he now recommended (i) that the existing dispensary at Ameni may be converted into a hospital with a patient ward attached to it and (ii) that ~~three~~ more dispensaries, one each at Kultam, Chetlath and Kadumth islands may be opened. The cost involved in the case of the proposal for opening a hospital at Ameni is Rs 50,000 <sup>non-recurring</sup> and Rs. 14,000 recurring per annum. The cost involved in connection with the opening of each of the three dispensaries is estimated at Rs 32,000 non-recurring and Rs 600/- pa recurring. The collector suggests that if the Govt. approve the above proposal the next inspecting officer may be asked to <sup>select</sup> ~~submit~~ suitable sites and to submit proposals for the construction of the required buildings with necessary plans and estimate in consultation with the Public Works Dept.

Para 4 p 4 c f

4 Reference <sup>is</sup> in this connection is solicited to p 7 of the sectional note <sup>in</sup> G.O. No. 2602 Pub (Ref) of 25.10.1948, where in the necessity for ~~the~~ providing better medical facilities to the islanders has been recognised. It is proposed to hold <sup>the</sup> ~~biennial~~ biennial inspection of the islands in Jan-Feb, 1950. It is submitted for consideration whether the proposal of the collector of South Kanara agreed to by the Board of Revenue may be ~~approved~~ accepted and ~~to~~ if so whether ~~the~~ the routine inspecting officer who will be deputed to inspect the islands in Jan. Feb. 1950 may be asked to select suitable sites and <sup>submit</sup> ~~submit~~ proposals.

Finance (E2)

The file deals with the question P of  
of providing better medical aid in the islands  
attached to the South Kanara District (excluded areas).  
The proposals made in this connection are  
(i) the conversion of the existing dispensary at Bm.

island into a hospital with a patient ward attached to it.  
 (ii) the opening of 3 more dispensaries one each at Kiltan, Chetlath, and Kadamath, islands.  
 The extra cost involved in the proposals has been estimated at Rs 34,400 recurring p.a. and Rs 1,46,000 non-recurring. But despite while recommending the proposals have stated that the Routine Inspecting Officer who will be deputed to inspect the islands in Jan - Feb. 1950 may be asked to select suitable sites and submit proposals for the construction of buildings etc. E.H. deptt have suggested in this connection that a decision whether the scheme should be pursued or not may be taken after sites have been demarcated and plans and estimates with details of costs etc have been obtained on the report of the Inspecting Officer.

Finance may agree with the above views

of E.H. deptt.

Pub (H's.)

PUBLIC (MISCELLANEOUS) DEPARTMENT.

The Amindivi islands attached to the S. Kanara Dt. consist of 4 islands - Ameni, Kiltan, Chetlath and Kadamath. There is at present only one doctor at Ameni who is expected to visit each of the other <sup>islands</sup> for not less than a week <sup>once</sup> a year. ~~He~~ He also stays in the mainland for about a month to get his pay and necessary medical equipment for the whole year. Thus even Ameni does not have medical aid for <sup>about</sup> ~~more than~~ 2 months in the year and the other islands, all through the year except for a brief period of one week.

2. The proposals in this file are -

(1) to convert the existing dispensary at Ameni into a hospital with a patient ward; and

(2) to open one dispensary for each of the other three islands.

The extra cost involved in the proposals is Rs 34,400 recurring and Rs 1,46,000 non-recurring. It has been proposed in this deptt. that the

An extract from the report of the Routine Inspecting Officer and the report of the Collector of S. Kanara. There is put up at flag (B). It would be seen from it that a separate report from the Collector may be expected.

2. This file has been dealt with in the letter sent to which the subject 'Scheduled Areas' was transferred from P. W. (1950) to 26.1.50, the P. W. and the Islands, are 'Scheduled Areas' and, as such, their administration

Report of the Routine Inspecting Officer who must have sent the Report to Board by mail. Board is being received in another file.

(H3) ✓

was vested in the discretion of ~~the~~ the  
Governor. For this reason, all files relating  
to these Islands used to be dealt with in  
Public, irrespective of the subject and the  
Dept. to which it related. Under the  
Constitution of India, these Islands ~~must~~  
have been given only the same importance  
as the Pongy ones, and the Government's  
discretionary powers have been taken away.  
There is therefore no reason why this file,  
which in normal circumstances would  
be dealt with in the Health Dept. should  
continue to be dealt with in this Dept.  
The case may ~~have~~ be transferred to  
Health Dept. and they may be <sup>requested</sup> ~~asked~~ to  
ask the Colr. of S. Kanara, for the  
separate report referred to by him in  
the ~~letter~~ <sup>letter</sup> at ①.

- S. + - evaluation & re Atal (K.)

Sub: Excluded Areas - Amindivi group of islands - Construction of medl. buildings

Ref: Letter from the Collr of S.K. B-2. 13888/52.

d 22.3.53.

Do. dated 29.6.53

The proposals in this file relate to the Construction of dispensary buildings in Kilton, <sup>Kadamak</sup> Karmak and Chetlat islands include in the Amindivi group of islands. The Collector of S. Kanara has stated in his letter at p 9 CF. that the plans and estimates are under scrutiny of the P.W.D. and that <sup>before</sup> the technical opinion is expected. The sites will have to be inspected by an Asst. Engineer. The question of obtaining the services of an asst. Eng. for the purpose is said to be under correspondence with the Bd of Rev.

2. Attention is in this connection invited to the letter from the D.N.S. at p 9 CF of ~~the~~ Top File (C. no 19519.2/53.) It will be seen therefrom that the D.N.S. recommends the Construction of only one dispensary at Kilton island. He considers that this dispensary can be made to serve the needs of the other three islands (viz) Kadamak, Chetlat and Bitra included in this group.

It is proposed to accept his recommendation and ask him to furnish detailed estimates for this dispensary. The Collr of South Kanara may <sup>Asst Engineer</sup> be asked to instruct the P.W.D. to inspect the site only in the Kilton island and prepare plans and estimates (a) for the dispensary building (b) quarters for the medical & non medical staff of the proposed dispensary and (c) for anchorage of the proposed motor launch.

3. The file may be sent to R.W, Rev
